

Setting up Application Environment

Creating an Account in Nutrition API

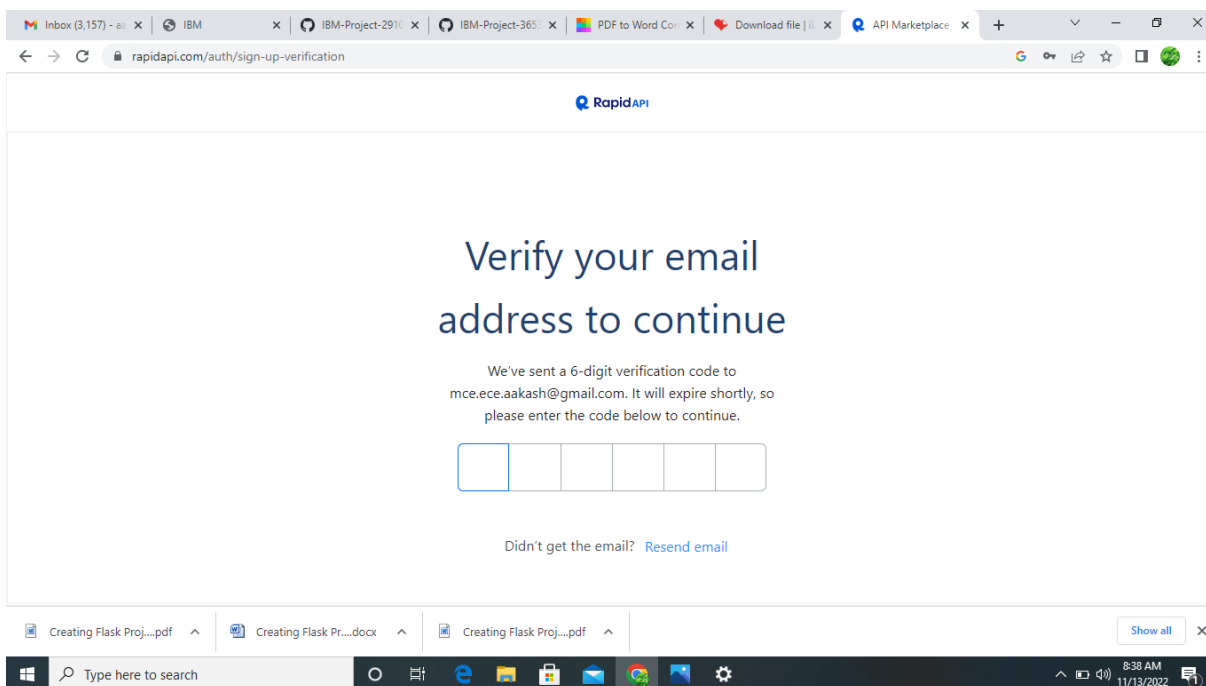

Team ID	PNT2022TMID41648
Project Name	Nutrition Assistant Application

1. Creating an account by entering username, email id, password

The screenshot shows the RapidAPI sign-up page in a web browser. The page has a white background with a blue sidebar on the right. The sidebar contains the text "Find and Connect to Thousands of APIs" and a list of features: "Discover APIs", "Test from your browser", "Connect using code snippets", and "Manage APIs from one dashboard". The main content area has a form with the following fields: "Username" (containing "Aakash08"), "Email" (containing "aakash080502@gmail.com"), and "Password" (containing "*****" with a green checkmark and the word "Strong" next to it). Below the password field is a reCAPTCHA checkbox labeled "I'm not a robot" and a yellow error message that says "username must contain only letters and numbers". The browser's address bar shows "rapidapi.com/auth/sign-up". The Windows taskbar at the bottom shows the time as 8:32 AM on 11/13/2022.

2. Entering verification code to perform further steps

The screenshot shows the RapidAPI verification page in a web browser. The page has a white background with a blue sidebar on the right. The sidebar contains the text "Verify your email address to continue" and a list of features: "Discover APIs", "Test from your browser", "Connect using code snippets", and "Manage APIs from one dashboard". The main content area has a form with the following fields: "Email" (containing "aakash080502@gmail.com") and "Verification code" (containing "*****" with a green checkmark and the word "Strong" next to it). Below the verification code field is a reCAPTCHA checkbox labeled "I'm not a robot" and a yellow error message that says "username must contain only letters and numbers". The browser's address bar shows "rapidapi.com/auth/sign-up-verification". The Windows taskbar at the bottom shows the time as 8:38 AM on 11/13/2022.

3. Enter the further details for login

Done

Find and Connect to Thousands of APIs

- ✓ Discover APIs
- ✓ Test from your browser
- ✓ Connect using code snippets
- ✓ Manage APIs from one dashboard

4. The Nutrition API page

RapidAPI

Search for APIs

Recipe - Food - Nutrition Verified

Endpoints About Tutorials Discussions Pricing

Search endpoints

GET Search Recipes [Subscribe to Test](#)

Search through thousands of recipes using advanced filtering and ranking. NOTE: Since this method combines searching by query, by ingredients, and by nutrients into one endpoint, each request counts as 3 requests.
